

§ FIG 1 · YC BATCH COMPOSITION

B2B peaked at 69% of a YC batch in 2023. Industrials has tripled since 2019.

Share of each batch's companies carrying YC's top-level industry label, Winter 2019 to Fall 2026.

One tick per batch, year at each year's first batch: YC ran two batches a year through 2023, three in 2024, four from 2025. Dashed lines: least-squares fits, split at the ChatGPT rule. Hollow marker: batch under 50 companies, excluded from the fits. A company can carry more than one industry label. Unspecified (0 companies in this window) not shown.
